ADMINISTRATION DIVISION

William C. Bethea, Deputy Commissioner

The Administration Division is responsible for overall supervision of the daily office activities, for fiscal planning and control, for personnel and employment matters and for a variety of other significant aspects of the Department's functions.

The Deputy Commissioner, in addition to supervisory duties, engages in long and short-term planning, project research and coordination, drafting and implementation of legislation and regulation and performs other functions as assigned by the Commissioner.

The Administrative Assistant performs such duties as are assigned by the Commissioner and Deputy Commissioner and is specifically responsible for personnel education programs, interpreting personnel policies and procedures, providing information to other divisions, and assisting in resolving problems encountered within the Department.

The Fiscal Officer maintains control over all financial matters within the office, prepares the Department's budget and monitors its implementation, procures services and office supplies, performs accounting and personnel functions and supervises four other employees.

The Accounting Section collects, verifies and processes all taxes and fees; computes Firemen's Relief and Pension Fund Tax turnback, and Police Officers Pension Fund Tax turnback to cities and towns; and compiles statistical data for various reports. The Financial Statement shows taxes collected as $34,736,671.69 and fees collected as $1,460,348.83 or total collections for 1982 of $36,197,020.52 compared to total collections in 1981 of $32,421,356.73 or an increase of $3,775,663.79. The major area of increase was in a higher volume of writings in the State, which would result in the payment of additional taxes.

FINANCE DIVISION

During the year 1982, certain common areas of the Department's regulatory process were combined to form the Finance Division. This allowed for more efficient use of personnel resources and provides better control and co-ordination between the various activities conducted. It also allows a workable structure for the cross-training of employees, and assures the availability of qualified promotable applicants when key employees leave service with the Department.

The staff of the Finance Division consists of an Assistant Commissioner for Finance, a Chief Financial Examiner, a Market Conduct Examination Supervisor, the Liquidation and Rehabilitation Officer, three Senior Examiners, one Certified Finanical Examiner, two Accountants, and one Secretary. Their duties include financial examinations, market conduct examinations, administration of security deposits, the conduct of receiverships, review of statutory financial statements, operation of the Arkansas Property and Casualty Guaranty Fund, and the review of new company admission applications, and merger and acquisition documents. This division is also primarily responsible for answering inquiries concerning the application of the statutory provisions of the Arkansas Insurance Code concerning the financial restrictions applicable to investments and assets and liabilities of insurers.

The Assistant Commissioner for Finance is responsible for the overall operation of the Division in the review and analysis of insurance companies selling policies in Arkansas. The Chief Examiner supervises the conduct of on-site examinations of all domestic insurers. These examinations are required to be conducted every three years to insure compliance with the laws and regulations with regard to financial condition and policyholder service.

The Arkansas Property and Casualty Guaranty Fund was created by Act 871 of the 1977 General Assembly. The Guaranty Fund is operated in conjunction with the liquidation of a property and casualty insurer, and provides funds for payment of claims against the insurer, pending orderly disposition of the company's assets. The Guaranty Fund was first implemented in 1979, at which time assessments were received from 342 property and casualty insurers licensed to write insurance in Arkansas. The second assessment was made in November of 1982. A total of $324,544.52 was received from 332 companies. Since its inception, the Guaranty Fund has contributed funds for the payment of claims for Reserve Insurance Company, Proprietors' Insurance Company, the Security Casualty Company, and Cotton Belt Insurance Company. These additional funds have prevented loss to many policyholders and creditors in Arkansas.

RISK MANAGEMENT DIVISION

Robert S. Sikes, Risk Administrator

The Risk Management Division established in July of 1979 provides assistance to state agencies as their consultant in identifying risk exposures and developing a program to deal with these exposures. Methods employed usually take the form of safety inspection of buildings and programs, analyses of past losses, valuation of properties and review of insurance programs in conjunction with operational budgets. This determines the most effective and economical way to deal with recognized potential losses.

During the 1982 year, efforts were concentrated toward developing complete Risk Management Programs for state agencies as time permitted. The efforts resulted in a savings in excess of $2,000,000.00 annually.

An example of the activities in the program would consist of the following:

A. Review financial condition of agencies

B. Make property and life safety inspections of building and programs.

C. Offer accurate appraisals of all property.

D. Development of insurance program

E. Recommend deductible limits

F. Recommend program on loss prevention and loss control

G. Develop specifications for insurance bid and recommend awards of insurance contract

H. Review and approve all state agency vouchers concerning insurance payments.

Special insurance surveys were conducted during 1982 for the Legislature on single surety bonding for State, County, Municipal and School Districts and on a group health comparative program for the State.

A pooling or combing of insurance programs proved highly effective for all twenty-four (24) vocational technical schools placed under one cover and producing a $145,000 annual savings.

When all agencies have been inspected, and a base established, the Division will expand into the critical area of loss management utilizing a computerized loss data base, training and specialized control equipment that has proven to be cost effective. We are concerned with impressing on all employees of all agencies the results and benefits of good management of assets as well as the possible devastating effect of poor management on those assets.

LEGAL DIVISION

David Simmons, Chief Counsel

The primary function of the Legal Division is to provide legal advice and assistance to the Commissioner and to other members of the Department's staff. The Legal Division represents the Commissioner in all formal legal actions, conducts administrative hearings, drafts legislation and regulations, provides legal assistance in regard to complaints from the public, oversees the regulation of insurance holding companies and legal insurance plans, and provides legal counsel concerning insurance matters to other state agencies.

During the year 1982, the Division was continually involved in administrative hearings. Specifically, seventeen hearings were scheduled in regard to matters involving insurance companies and twenty-three hearings were scheduled in regard to matters involving insurance agents. The disposition of these matters vary according to subject matter but in all cases involving agents, the Division drafts orders recommending appropriate sanctions. Also, during 1982, the Division represented the Commissioner during public hearings on proposed rules and regulations promulgated by the Department. Of course, the Division also represents the Commissioner in any court actions.

The Department employs a full-time investigator who functions in a fact-finding capacity in matters under investigation by the Legal Division.

CONSUMER SERVICES DIVISION

Ronald Sheffield, Director

The Consumer Services Division of the Arkansas Insurance Department is charged with the responsibility of assisting the insurance buying public with questions and problems concerning their insurance.

The education of the consumer is an essential part of the Consumer Services Division. On sixty-seven occasions, during 1982, the Consumer Services Director presented programs regarding matters of insurance to senior citizens' groups, schools, and various other interested organizations. The Division also provides support to other state and federal government consumer workshops.

Members of the Division act as liaisons between companies and consumers by attempting to resolve difficult and confusing situations. They also explain various types of coverages and the differences in apparently similar products. The Division advises consumers on insurance terminology and, in some cases, the technical aspects of insurance.

During 1982, the Consumer Services Division received 2,408 complaints, and closed 2,415 complaints. Through these efforts, the Division was able to assist consumers in collecting a total of $1,848,510.77.

The Consumer Services Divison is comprised of eight persons who are as follows: Consumer Services Director, four Insurance Investigators and three Secretaries.

AGENTS LICENSE DIVISION

Lenita Blasingame, Supervisor

The American public is becoming more and more insurance conscious and most consumers rely heavily on their insurance agent for counsel on a variety of insurance matters. For that reason, broad product knowledge and regulatory awareness are essential. It is, therefore, the intent of the Insurance Department to test such knowledge through our examination process.

The examination and licensing of insurance agents is the responsibility of the Agent Licensing Division. There are in excess of 18,000 licensed resident insurance agents and approximately 10,000 licensed non-resident agents.

New agents are presently required to pass an examination on the line or lines of insurance they will sell.

The Division also licenses adjusters, resident brokers, non-resident brokers and solicitors.

In addition, the Division issues Amusement Attraction Permits to amusement rides operating in the State of Arkansas.

The testing and licensing of Bail Bondsmen is another responsibility of the License Division. There are approximately 175 licensed bondsmen registered to do business in the state.

PUBLIC EMPLOYEE CLAIMS DIVISION

H. Oscar Hirby, Director

Under the provisions of Act 809 of 1979, as amended by Act 929 of 1981, the Public Employee Claims Division is the governmental agency responsible for the investigation, determination, payment, management and administration of the several thousands of job injury claims filed each year by the public workers of the State.

Where not otherwise excluded by reason of a privately written policy(s) for their workers' compensation liability, the public employers have state workers' compensation fund protection for their employees. The State now provides workers' compensation benefits protection to the state employees and officers, public school employees, municipal employees and officers, and county employees and officers. Workers' compensation benefits coverage is also provided for the emergency services volunteer workers who are accidentally injured while performing emergency volunteer services under the call and supervision of the State of Arkansas or the chief executive officers of the political subdivisions thereof.

State workers' compensation fund appropriations for the municipal employees, county employees, public school employees, and state agency employees from state general revenues for workers' compensation claims totaled $11,645,000.00 for the fiscal year 1982-1983. By fund, the Public Employee Claims Division, as the "insurance carrier" for the public employers, expended the following for public employee workers' compensation claims during the year:

City Claims	$2,126,631.46
County Claims	1,364,371.13
School Claims	1,585,016.87
State Agency Claims	2,997,756.80
Total Expenditures	$8,073,776.26

On June 30, 1983, the Division had 1,577 open and active workers' compensation claims in administration and management. A reserve value of $16,829,456.00 was placed on those claims.
