1 Summary of Significant Accounting Policies

(A) - Accounting Practices

Merit Health Insurance Company (the “Company”) prepares its statutory-basis financial statements in conformity with accounting practices prescribed or permitted by the Arizona Department of Insurance (the “Department”), which represents a comprehensive basis of accounting other than U.S. generally accepted accounting principles. The Department requires that insurance companies domiciled in Arizona prepare their statutory-basis financial statements in accordance with the Codified National Association of Insurance Commissioners’ (“NAIC”) Statements of Statutory Accounting Principles (“SSAP”), subject to any deviations prescribed or permitted by the Department. The Company is not aware of any differences between the NAIC and the Department with respect to accounting practices that would have an impact on the accompanying statutory-basis financial statements. In addition, the accompanying statutory-basis financial statements have been prepared in accordance with the Annual Statement instructions and the NAIC Accounting Practices and Procedures manual.

(B) - Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with statutory accounting practices requires management to make estimates and assumptions that affect the reported amounts of admitted assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Estimates of the Company include, among other things, contract receivables realization and the establishment of claims unpaid reserves. Actual results could differ from those estimates.

(C) – Accounting Policies

Fair Value of Financial Instruments

The Company currently does not have any assets or liabilities that are required to be measured at fair value on a recurring basis. SSAP No. 100 “Fair Value Measurements”, defines fair value, establishes a framework for measuring fair value and establishes disclosures about fair value. The carrying value of the Company’s financial instruments classified as current assets (other than short-term investments) and current liabilities approximate fair value due to their short maturities. As of December 31, 2021, the Company had no short-term investments; the carrying value and fair value of the Company’s long-term investments totaled \$3,174,418 and \$3,172,094, respectively. As of December 31, 2021, The Company had no short-term investments; the carrying value and fair value of the Company’s long-term investments totaled \$3,140,761 and \$3,077,372, respectively.

Cash, Cash Equivalents and Short-term Investments

Cash consists of cash on hand and in financial institutions, along with certificates of deposit with maturity dates at the time of acquisition of one year or less. Cash equivalents are short-term, highly liquid interest-bearing investments with maturity dates of three months or less when acquired. Short-term investments have maturities of one year or less at the time of acquisition (excluding those investments classified as cash equivalents) and are recorded at amortized cost using the straight-line basis, except in cases where NAIC designation requires them to be carried at the lower of amortized cost or fair value. As of December 31, 2021, the Company did not have any cash equivalents. The Company held cash equivalents as of December 31, 2022, that consisted of money market mutual funds totaling \$35,001.

Long-term Investments

Long-term investments have maturities in excess of one year from the date of acquisition and are recorded at amortized cost using the straight-line basis, except in cases where NAIC designation requires them to be carried at the lower of amortized cost or fair value. For the periods presented, the Company's long-term investments consist of U.S. Treasury securities.

Investment Securities

The Company periodically evaluates whether any declines in the fair value of investment securities are other-than-temporary. This evaluation consists of a review of several factors, including but not limited to: the length of time and extent that a security has been in an unrealized loss position; the existence of an event that would impair the issuer's future earnings potential; the near-term prospects for recovery of the market value of a security; and the intent and ability of the Company to hold the security until the market value recovers. Declines in value below cost for investments where it is considered probable that all contractual terms of the investment will be satisfied, the decline is due primarily to changes in interest rates (and not because of increased credit risk), and where the Company intends and has the ability to hold the investment for a period of time sufficient to allow a market recovery, are not assumed to be other-than-temporary. As of December 31, 2021, and 2022, the Company did not have any other-than-temporary impairments.

Contract Receivables

Contract receivables consist of amounts due from customers for capitated services. Collateral is generally not required. Contract receivables are admitted in the accompanying statutory-basis financial statements pursuant to the provisions of SSAP No. 84, "Certain Health Care Receivables and Receivables under Government Insured Plans" ("SSAP 84"). Evaluation of the collectability of amounts receivable is based upon factors surrounding the credit risk of specific customers, historical trends and other information. If it is probable the balance is uncollectible, any uncollectible receivable shall be written off and charged to income in the period the determination is made.

Amounts receivable relating to uninsured plans for claims and other costs paid by the administrator on behalf of the third party at risk and fees related to the services provided by the administrator to the plan are to be segregated from other receivables. In accordance with SSAP 84, receivables associated with uninsured plans are considered an admitted asset, including amounts over ninety days past due.

Revenue Recognition

Revenue associated with providing managed behavioral healthcare and substance abuse services on a risk basis is recognized over the applicable coverage period on a per member basis for covered members. The Company is paid a per member fee for all covered members, and this fee is recorded as revenue in the month in which members are entitled to service. The Company adjusts its revenue for retroactive membership terminations, additions and other changes, when such adjustments are identified, with the exception of retroactivity that can be reasonably estimated. The impact of retroactive rate amendments is generally reported in the accounting period that terms to the amendment are finalized, and that the amendment is executed. Any fees paid prior to the month of service are recorded as deferred revenue.

The Centers for Medicare & Medicaid Services ("CMS") premium, the member premium and the low-income premium subsidy represent payments for the Company's insurance risk coverage under Medicare Part D program and, therefore, are recorded as premium revenues. Premium revenues are recognized ratably over the period in which eligible individuals are entitled to receive prescription drug benefits.

Low Income Cost Sharing ("LICS"), catastrophic reinsurance and coverage gap subsidies from CMS represent cost reimbursements under the Medicare Part D program. Amounts received for these subsidies are not reflected as premium revenues, but rather are accounted for as deposits, with the related asset or liability recorded in either Accounts receivable related to uninsured plans, net or Amounts held under uninsured plans, net in the balance sheets.

The Company did not generate premium revenue for the period ended December 31, 2022. There was no increase in amounts due from CMS under a risk sharing feature of the Medicare Part D plan design referred to as the "risk corridor". Risk corridor amounts are recorded as an adjustment to premiums. Based on settlement position, amounts due to or from CMS under the risk sharing feature are recorded in either Health Policy Reserves or Accrued Retrospective Premiums in the accompanying balance sheets.

Due to the risk corridor, the Company's business is accounted for as a retrospectively rates contract. The Company estimates amounts due to or from CMS under the risk corridor feature using a mathematical approach based on the Company's underwriting experience. It is at least reasonably possible that these estimates could differ from the amounts that are ultimately settled with CMS and that such a change in the estimates could be material to the financial statements. There no premiums written during the year ended December 31, 2022 that were subject to the retrospective feature.

Claims Costs and Liability for Unpaid Claims

Claims costs are recognized in the period in which covered members receive behavioral healthcare services. In addition to actual benefits paid, claims costs include the impact of accruals for estimates of claims unpaid. Claims unpaid represents the liability for healthcare claims reported but not yet paid and claims incurred but not yet reported (“IBNR”) related to the Company’s managed healthcare business. Such liabilities are determined by employing actuarial methods that are commonly used by health insurance actuaries and meet actuarial standards of practice.

The IBNR portion of claims unpaid is estimated based on past claims payment experience for member groups, enrollment data, utilization statistics, authorized healthcare services and other factors. This data is incorporated into contract-specific actuarial reserve models and is further analyzed to create “completion factors” that represent the average percentage of total incurred claims that have been paid through a given date after being incurred. Factors that affect estimated completion factors include benefit changes, enrollment changes, shifts in product mix, seasonality influences, provider reimbursement changes, changes in claims inventory levels, the speed of claims processing and changes in paid claim levels. Completion factors are applied to claims paid through the financial statement date to estimate the ultimate claim expense incurred for the current period. Actuarial estimates of claims unpaid are then determined by subtracting the actual paid claims from the estimate of the ultimate incurred claims. For the most recent incurred months (generally the most recent two months), the percentage of claims paid for claims incurred in those months is generally low. This makes the completion factor methodology less reliable for such months. Therefore, incurred claims for any month with a completion factor that is less than 70 percent are generally not projected from historical completion and payment patterns; rather they are projected by estimating claims expense based on recent monthly estimated cost incurred per member per month times membership, taking into account seasonality influences, benefit changes and healthcare trend levels, collectively considered to be “trend factors”.

Claims unpaid balances are continually monitored and reviewed. If it is determined that the Company’s assumptions in estimating such liabilities are different than actual results, the Company’s results of operations and financial position could be impacted in future periods. Adjustments of prior period estimates may result in additional claims costs or a reduction of claims costs in the period an adjustment is made. Further, due to the considerable variability of healthcare costs, adjustments to claims unpaid occur each period and are sometimes significant as compared to the net income recorded in that period. Prior period development is recognized immediately upon the actuary’s judgment that a portion of the prior period liability is no longer needed or that additional liability should have been accrued.

Actuarial standards of practice require that claims unpaid be adequate under moderately adverse circumstances. Adverse circumstances are situations in which actual claims experience could be higher than the otherwise estimated value of such claims. In many situations, the claims paid amount experienced will be less than the estimate that satisfies the actuarial standards of practice.

(D) - Going Concern

There is no substantial doubt about the Company’s ability to continue as a going concern.

9 Income Taxes

For federal income tax reporting purposes, the Company's operations are included in Magellan's consolidated federal income tax returns. The Company has a new tax allocation agreement with Magellan that was effective January 1, 2017, and an amendment to that agreement that was effective April 1, 2017. The agreement calls for an allocation based on the Company's book pre-tax income adjusted for permanent items and considering the ultimate parent's federal statutory rate and applicable state statutory rate. Also, the agreement is to be revenue neutral to Magellan and other Magellan subsidiaries in that the Company's tax liability or benefit is not any different than if it filed separate federal and state income tax returns. Through the tax allocation agreement (and tax allocation in place prior to January 1, 2017), the Company was allocated federal income tax charges of \$471,719 and \$326,655 for its share of Magellan's federal income tax provisions (benefits) for the years ended December 31, 2021 and 2022, respectively. The Company pays premium taxes in lieu of state income taxes.

In accordance with the tax allocation agreement, allocated income taxes payable or recoverable are settled on a quarterly basis. In addition, any filings done on behalf of the Company that result in additional tax assessments or refunds from federal or state tax authorities are required to be settled within 30 days after execution of the document. Accordingly, the allocated federal income taxes payable as of December 31, 2021 was paid by Magellan in the fourth quarter of 2022. Allocated federal income tax payable as of November 30, 2022 was paid by Magellan in the fourth quarter of 2022.

(A) – (B) None. The Company did not have a tax deferred asset or liability as of December 31, 2021 or December 31, 2022.

(C) Current income taxes incurred consist of the following major components:

(E) Not applicable.

(F) For federal income tax reporting purposes, the Company's operations are included in Magellan's consolidated federal income tax returns. The Company has a tax allocation agreement with Magellan. The current agreement calls for an allocation based on the Company's book pre-tax income adjusted for permanent items and considering the ultimate parent's federal statutory rate and applicable state statutory rate. Also, the agreement is to be revenue neutral to Magellan and other Magellan subsidiaries in that the Company's tax liability or benefit is not any different than if it filed separate federal and state income tax returns.

(G) Not applicable.

10 Information Concerning Parent, Subsidiaries, Affiliates and Other Related Parties

(A) – (C) The Company was a direct subsidiary of Magellan Healthcare. Magellan Healthcare is a wholly owned subsidiary of Magellan. Magellan is engaged in the healthcare management business, and is focused on today's most complex and costly healthcare services.

On December 3, 2022, Prime Therapeutics LLC ("Prime") closed on its acquisition of 100% of the outstanding equity interests of the Magellan Rx Management ("Magellan Rx") line of business of Magellan, which included the Company.

Effective January 1, 2016, the Company entered into an administrative agreement with Magellan Rx Management ("Magellan Rx") to provide pharmacy benefit management for the Medicare Part D members. Magellan Rx will provide network management, network access, help desk services, auditing, mail order pharmacy services, specialty pharmacy, formulary and rebate administration and other core administrative and value added administrative services. There was no administrative fee for December 31, 2021 and 2022. The Company did not submit a bid to CMS to provide services to Medicare Part D members for the year ended December 31, 2021 and exited the Medicare Part D business at December 31, 2020.

Except for amounts due to other Prescription Drug Plans ("PDPs"), all claims paid and incurred for pharmacy claims are based on amounts billed by Magellan Rx filled by pharmacies in Magellan Rx's pharmacy network. Additionally, all pharmaceutical rebates are received or receivable from Magellan Rx, which contracts with pharmaceutical manufacturers for such rebates. Payment terms require settlement of rebates within one hundred and eighty days following the end of each contract quarter following receipt of such rebates by Magellan Rx.

(D) Amounts receivable from or payable to parent, subsidiaries and affiliates are non-interest bearing and are settled within ninety days of quarter-end. As of December 31, 2021, the Company reported \$1,881,342 as the amount due to parent, subsidiaries and affiliates, which is primarily comprised of amounts due for uninsured pharmacy claims processed and management fees from the Parent. As of December 31, 2022, the Company reported \$23,951 as the amount due to parent, subsidiaries and affiliates, which is primarily comprised of amounts due for uninsured pharmacy claims processed and management fees. The amount charged to the Company relating to these services for the years ended December 31, 2021 and 2022 totaled \$87,600 and \$84,800, respectively.

(E) None.

(F) None.

(G) All outstanding shares of the Company are held by Prime as noted above.

13 Capital and Surplus, Dividend Restrictions and Quasi-Reorganizations

(1) The Company has 10,000,000 shares of common stock authorized, with 2,000,000 shares issued and outstanding at a \$1.00 par value.

(2) The Company has no preferred stock issued or outstanding.

(3) Dividends to stockholders are limited by Arizona statute, and are generally payable from accumulated surplus funds that are derived from realized net operating profits on its business and realized net capital gains on its investments. Dividend requests over specified thresholds require approval of the Department.

(4) There are no restrictions placed on the portion of Company profits that may be paid as ordinary dividends to stockholders

(5) There are no restrictions placed on the portion of Company profits that may be paid as ordinary dividends to stockholders, however it must not exceed 10% of the prior year capital & surplus.

(6) There are no restrictions placed on the Company's surplus, including for whom the surplus is being held.

(7) The Company does not have any advances to surplus.

(8) The Company does not hold any stock for special purposes.

(9) The Company does not have a special surplus fund.

(10) The Company does not have unrealized capital gains included in unassigned funds (surplus).

(11) The Company has not issued surplus debentures or similar obligations.

(12) The Company has not had any restatements due to quasi-reorganizations

(13) An extraordinary dividend of \$18,000,000 was declared in May 2021 and paid in June 2021. As of December 31, 2022, the Company has not declared or paid a dividend.

14 Liabilities, Contingencies and Assessments

(A) None.

(B) None.

(C) None.

(D) None.

(E) None.

(F) Various lawsuits against the Company have arisen in the course of the Company's business. Contingent liabilities arising from litigation, income taxes, and other matters are not considered material in relation to the financial position of the Company. The Company has no assets that it considers to be impaired.

The managed healthcare industry is subject to extensive and evolving federal and state regulations. Such laws and regulations cover, but are not limited to, matters such as licensure, accreditation, government healthcare program participation requirements, information privacy and security, reimbursement for patient services, and Medicare and Medicaid fraud and abuse. Government investigations and allegations have become more frequent concerning possible violations of fraud and abuse and false claims statutes and regulations by healthcare organizations. Violators may be excluded from participating in government healthcare programs, subject to fines or penalties or required to repay amounts received from the government for previously billed services. A violation of such laws and regulations may have a material adverse effect on the Company.

The Company routinely assesses the collectability of its receivables. The Company did not have any allowances recorded on receivables for the year ended December 31, 2021 and 2022. As of December 31, 2021 2022, the Company did not have non-admitted rebate receivables.

15 Leases
